EDUCATION

University of Southern California · **Los Angeles, USA**
BA: Economics, Data Science; Minor: Business Finance · *August 2021 – May 2025*
- **GPA**: 3.91/4.0; **Honors:** Dean's List for 2021, 2022, 2023, 2024, 2025 academic years
- **Relevant Courses:** Financial Accounting, Microeconomics & Macroeconomics, Machine Learning, Data Visualization, Object-Oriented Program, Econometrics

INTERNSHIP EXPERIENCE

Invesco · **Hong Kong**
Invesco Fixed Income Intern · *June 2024 – December 2024*
- Develop investment pitches for 6 open-end funds, with relevant regional projects such as Make in India in synthesizing investment themes, fund initiatives, and performance highlights
- Compile credit opinions in machine learning using Decision Tree models, analyzing financial reports and pricing with B Quant in Python, filtering important indicators with respect to industries and geographic locations
- Engineer a dictionary-based model with Python Natural Language Toolkit, categorizing terms into economic events, descriptions, and timing indicators to compute hawkishness in Federal Reserve speeches and market sentiment scores
- Determine relevant US-China geopolitical risks and corresponding investment opportunities in Mexico and India, presenting insights to Global Investment Leadership in an internal case competition

CHINA CITIC BANK INTERNATIONAL LIMITED · **Alhambra, California**
Research Team Part-time intern · *August 2023 – December 2023*
- Published a 5-page article on China FOREX, evaluating federal policy impacts on US Commercial Real Estate loan accommodations and workouts, and demonstrating implications and comparable case studies for the Chinese market
- Composing reports on 6 successful real estate restructurings during the Financial Crisis and COVID periods, compared the capital structures and business strategies of these companies with underperformers such as Evergreen

CLSA · **Hong Kong**
Finance summer intern · *June 2023 – August 2023*
- Optimized company data systems through implementing Alteryx and UiPath to drive automation and data analysis in the Finance Department; coordinated 6 cross-department learning groups and designed 2 training demos
- Automated quarterly country-market report production with Python, incorporating web scraping of IPO data from HKEX and generating visual analytics for business line assessments
- Explored the application of Consumer Behavior theory in modern social media and delivered a 20-minute presentation on its impact on consumer nudging in research competitions

ACADEMIC RESEARCH

USC Dornsife Department of Economics · **Los Angeles, California**
Directed research under economist John Strauss · *January 2023 – May 2023*
- Examined Ghana's economy distortions under the leader Nkrumah's socialism, including collective production policy, abusive taxing, corruptions and smuggling, and compared these issues with the success of Indonesia's cocoa industry
- Identified failures and success in Ghana's cocoa pricing policy, illustrating impacts on economic growth, poverty, trade balance, government deficit, political instability, and public riots, cross comparing before 1982 to thereafter
- Conducted a literature review of 26 research papers and *Markets and States in Tropical Africa* by Robert H. Bates, summarizing pricing and rural policies in South Sub-Saharan Africa and their effects on crop performance
